👤 Portfolio

Summary

Front-End Developer specializing in React.js and Next.js, building fast, responsive, and user-focused web applications with clean code and modern UI.

Education

Faculty of Computers and Artificial Intelligence, Beni Suef University
Bachelor of Computer Science

Beni Suef, Egypt
Graduated: 2025

Graduation Project (Grade: A):

Video — GitHub

Sign Language Supported Chat Application

Developing an AI-powered chat application that supports communication using sign language. The project aims to assist individuals with hearing or speech impairments by integrating computer vision and machine learning techniques to recognize and translate sign language into text, enabling inclusive and accessible real-time conversations.

Experience

Front-End Developer

December 2023 – Present

EDU-SMART.AI Platform

Live Platform

Real Online Education Platform

Worked on a real production platform designed to support Egyptian students living abroad who face challenges enrolling in local schools. EDU-SMART.AI provides a complete online school experience with role-based access and structured academic management.

- Contributed to building a full-featured online school platform with real users.
- Implemented a role-based system with four main roles: **Admin, Teacher, Student, and Parent**, each with dedicated permissions and dashboards.
- Developed secure and personalized user profiles for all roles.
- Structured the academic system where teachers manage classes and students follow individual study schedules.
- Built responsive and user-friendly interfaces using React and modern UI practices.
- Collaborated on solving real business and UX problems in a production environment.

Personal Practice Projects (15+ Projects)

Videos — GitHub

Consistently built real-world web applications through self-directed learning and hands-on practice using modern front-end technologies.

Skills & Tools

Languages

- HTML, CSS
- JavaScript (ES6+)
- TypeScript
- C++ (*Basic*)
- Python (*Basic*)

Frameworks & Libraries

- React.js, Next.js
- Redux Toolkit, RTK Query
- Material UI, Shadcn UI
- Tailwind CSS, Bootstrap
- React Hook Form, Formik
- Zod, Yup
- React Router
- Framer Motion, Swiper.js
- Axios, Clerk

Development Tools

- Git, GitHub
- Vite
- NPM
- VS Code
- Chrome DevTools

Core Skills

- Responsive Design
- Problem Solving
- Version Control
- Communication

Interests and Languages

Interests:

- Back-end with Node.js
- UI/UX design
- Learn English

Languages:

- Arabic (Native)
- English (Good)
